

TARNEIT
COLLEGE

Homework Policy

Purpose

The purpose of this policy is to outline to students, parents/carers and school staff Tarneit P-9 College's expectations for homework and at-home learning.

Scope

This policy applies to students in all year levels and to staff responsible for setting homework.

Policy

Tarneit P-9 College expects students to further develop and consolidate their independent learning skills by completing homework tasks. Homework has a positive effect on learning and is an important part of reinforcing the concepts that are introduced in class. It also plays a significant role in building work ethic, self-discipline and responsibility.

Teachers at Tarneit P-9 College are encouraged to exercise their discretion in assigning tasks that are appropriate for their students. Homework assigned across different learning areas will be coordinated by staff to avoid unreasonable workloads for students.

Prep to Year 4

In the early years, the objective of homework should be to practise and consolidate the concepts that have been introduced during class time. It is also intended to introduce the concepts of self-discipline and responsibility and prepare them for the upper grades.

Assigned homework tasks will build on concepts explored in the classroom and encourage students to use their initiative by gathering additional information or materials.

Homework will mainly consist of daily reading to, with, or by parents/carer or older siblings.

Students are generally not expected to complete more than 30 minutes of homework per day and homework tasks generally aren't assigned over the weekends or during the holiday breaks.

Year 5 to Year 6

In the upper primary year levels, the objective of homework is to build on the concepts of self-discipline, responsibility and initiative to prepare students for secondary school.

Assigned homework tasks will include daily independent reading and may include extension assignments, class work, essays and research.

Students are generally not expected to spend more than 45 minutes per day on homework and homework tasks generally aren't assigned over the weekends or during the holiday breaks.

TARNEIT
COLLEGE

Homework Policy

Years 7 to 9

Homework tasks at these year levels may include daily independent reading, extended classwork, projects, essays, exercises and research.

Generally, students will be expected to spend between 45 to 90 minutes per day on homework tasks. Some tasks may be assigned to be completed during weekends and on the school holidays.

Shared expectations and responsibilities

Homework is a shared responsibility between the school, teachers, students and their parents/carers. In order to get the most out of homework tasks, it is important that everyone understands their obligations and responsibilities.

Tarneit P-9 College will support students by:

- fostering lifelong learning and connecting families with the learning of their children, as part of a comprehensive and balanced curriculum within Victorian schools.
- ensuring the school's homework policy is relevant to the needs of students.
- advising parents/carers of homework expectations at the beginning of the school year and provide them with a copy of the homework policy.
- ensuring students use their diaries to provide regular communication between parents and the school.

It is expected that teachers will:

- equip students with the skills to solve problems.
- encourage real-life problem solving, logical thinking, creativity and imagination
- set varied, challenging and meaningful tasks related to class work to suit the students' learning needs.
- give students enough time to complete homework, considering home obligations and extracurricular activities.
- assess homework and provide timely and practical feedback and support.
- help students develop organisational and time-management skills.
- ensure parents/carers are aware of the school's homework policy.
- develop strategies within the school to support parents/carers becoming active partners in homework.
- offer a wide range of opportunities for families to engage in their children's learning.

It is expected that students will take responsibility for their own learning by:

- being aware of the school's homework policy.
- discussing with their parents/carers homework expectations.
- accepting responsibility for the completion of homework tasks within set time frames.
- following up on comments made by teachers.
- seeking assistance when difficulties arise.
- organising their time to manage home obligations, participation in physical activity and sports, recreational and cultural activities and part-time employment.

TARNEIT
COLLEGE

Homework Policy

It is expected that parents/carers will support their children by:

- developing a positive and productive approach to homework.
- ensuring there is a balance between the time spent on homework and recreational activities.
- reading to them, talking with them and involving them in learning opportunities during everyday household routines and physical activity.
- talking to teachers about any concerns they have about the homework.
- attending the school events, productions or displays their child is involved in.
- ensuring students use their diary to record their homework.
- discussing homework with their child in their first language, if English is not the main language spoken at home, and linking it to previous experiences.
- linking homework and other learning activities to the families' culture, history and language, linking with relevant services, clubs, associations and community.
- ensuring there is a quiet study area for students to complete their homework tasks.

Support for students, parents and carers

Teachers at Tarneit P-9 College understand that students have different learning styles and interests, and may approach learning activities and homework differently. If you are concerned that your child may not understand the homework tasks that have been set for him or her, or is spending a long period of time completing their homework, we encourage you to speak to their teacher.

Guidelines

The following guidelines have been developed based on the DET guidelines.

Prep

- Reading every night by themselves or with an adult building up to 10 minutes per night.
- Word study if assigned by the teacher, around 5 minutes per night.
- Students may receive further homework that supports concepts already taught in class. It may relate to any area of the curriculum and is developed by the Professional Learning Team.
- Use of technology such as learning websites may be required to support home learning.
- Personalised learning can occur through the use of varied levelled readers, letter/sound knowledge and word study.

Year 1 and 2

- Reading every night by themselves or with an adult building up to 15 minutes per night.
- Word study assigned by the teacher, around 5 minutes per night.
- Students may receive further homework that supports concepts already taught in class. It may relate to any area of the curriculum and is developed by the Professional Learning Team.
- Use of technology such as learning websites may be required to support home learning.
- Personalised learning can occur through the use of varied levelled readers and word study.

TARNEIT
COLLEGE

Homework Policy

Year 3 and 4

- Reading every night by themselves or with an adult building up to 20 minutes per night.
- Word study, vocabulary and number facts practice assigned by the teacher, around 5 minutes per night.
- Students will receive further homework that supports concepts already taught in class. It may relate to any area of the curriculum and is developed by the Professional Learning Team.
- Use of technology such as student iPads, or learning websites may be required to support home learning.
- Personalised learning can occur through the use of opened ended tasks within the homework content.

Year 5 and 6

- Reading every night building up to 25 minutes per night.
- Word study, vocabulary and number facts practice assigned by the teacher, around 5 minutes per night.
- Students will receive further homework that supports concepts already taught in class. It may relate to any area of the curriculum and is developed by the Professional Learning Team.
- Use of technology such as student iPads, or learning websites may be required to support home learning.
- Students are required to record all homework in their school diary.
- Personalised learning can occur through the use of opened ended tasks within the homework content.

Year 7, 8 and 9

- Reading every night building up to 30 minutes per night.
- Word study, vocabulary and number facts practice assigned by the teacher, around 5 minutes per night.
- Students will receive homework that supports concepts already taught in class. It is set by individual teachers and may increase toward exam periods to best prepare students.
- Use of technology such as student iPads or learning websites may be required to support home learning.
- Students will receive homework from subject teachers.
- Students are required to record all homework in their school diary.
- Personalised learning can occur through the use of opened ended tasks within the homework content.
