Behaviour Management Policy

Policy Statement

At Tarneit College we aim to encourage all students to adopt a code of conduct consistent with the development of personal responsibility and positive self-esteem. We will encourage an atmosphere where fairness, honesty and respect for the rights of others are valued through a whole school approach to behaviour management.

Whole school approach to behaviour management
Our whole school community is committed to establishing and maintaining a culture built on the School Wide Positive Behaviour strategy. This approach is based on building positive relationships and embedding school wide expectations for behaviour and conduct.

The staff and school community will support the school behaviour management policy by reinforcing the language used and the agreed procedures outlined within the General Procedure for Dealing with Behaviour flowchart. This procedure has been developed in consultation with staff.

Guidelines
